Remarkable Showing Made by the Missouri State Life Insurance Company in This State for 1916.

The Missouri State Life Insurance Company, whose advertisement appears on another page in this issue, has made a most remarkable showing during the past year. The Albuquerque general agency, under John M. McTeer, is only two years old, and in competition with thirty-three other companies doing business in the state, some of which have been here many years, it leads its nearest competitor by over a quarter of a million dollars of paid-for business. This is the more remarkable when the fact is considered that the Missouri State Life is only in its twenty-fifth year, yet it ranks already as twenty-fifth among all the companies doing business in the United States.

The admitted assets, as shown in its annual report, are \$14,142,052.49, an increase of 1,569 per cent in the past eleven years, while its insurance in force amounts to \$129,139,279, an increase of 819 per cent in the same length of time. It is evident, therefore, that its success in writing business must be due to the conservative management of the company's affairs which induces the feeling that security of the assets is considered before any other feature. Another feature which appeals to the insuring public is the fact that the company invests the premiums paid by the policyholders in first mortgages on real estate in New Mexico; hence the money is kept at home.

Of course, another considerable factor in the production of new business is the fact that the company is represented in this state by a group of five, forceful agents, these being John M. McTeer, general agent; M. S. Tierney, special agent with headquarters at Albuquerque; Robert L. Miller, district manager at Deming; A. J. Patrick, agent at Las Cruces, and Frank S. Skidmore, agent at Mogollon. General Agent John M. McTeer and Special Agent M. S. Tierney, with their wives, were both guests of the company on the \$100,000 club convention trip in August, each having produced

more than \$200,000 of paid-for business.

BIGGEST CUT IN OVERCOAT PRICES AT THE WRIGHT STORE

The Wright Clothing Company makes a remarkable announcement in the Journal this morning, to the effect "that any overcoat in the store, values up to \$25, and while they last, for only \$10." This is, indeed, the biggest slaughter in prices on good overcoats ever made to the men of Albuquerque and vicinity, and it will pay them today to take a peep at the window display at the Wright store, then on Monday morning step in and make your purchase. "The policy of this firm," said Mr. Wright last night, when preparing his ad, "is to never carry over goods from one season to another; therefore, the stock is always up-to-the-minute in style, quality and workmanship. The public can shop here and feel confident that they are getting only the newest and best in everything, and at prices which defy actual competition. Please tell them—the men—that this overcoat sale is for one day only—tomorrow; none reserved, any overcoat in the house at \$10."

VALUE OF A LIFE

By special arrangement and through the courtesy of local Modern Woodmen, the B theater has booked two reels of motion pictures, featuring George Gray in a true and realistic film story of his part in the present war—not of bloodshed—but in the fight against and conquest of that menacing monster of the human flesh—tuberculosis. Gray is one of the million members of the Modern Woodmen of America.

Discovering that he is afflicted with this disease, he takes advantage of the comforts, care and cure of the sanatorium at Colorado Springs, Colo., owned, maintained and operated by that society, free of charge to its members. This film is pronounced by competent authorities to be one of the very best in this age of highly-developed motion pictures, and is in such great demand that it can be booked for only one day and night in each town or city. It is a rare opportunity one can not afford to miss.

At the B theater Monday, January 22, all day. Admission 5 cents.

If you try them, you will buy them always. Gentry's eggs, at Jaffa's, May's, Hawkins'.

CHIEF IS REQUESTED TO FILE CHARGES AGAINST SERGEANT MILLER

Request by three aldermen of Chief of Police J. R. Galusha that he file charges against Police Sergeant N. M. Miller yesterday, gave indication that investigation of the sergeant's alleged rough handling of prisoners did not end with Alderman W. C. Switzer's exonerated. Aldermen Clyde Tingley, S. S. Gilbert and A. De-Tuino signed the request.

The aldermanic communication began and ended by asking Galusha to suspend Miller. The communication alleges that Miller struck Fernando Garcia with his nightstick "three times in succession and once with the hand, the said blows being struck in the presence of members of the city council, being entirely unnecessary and uncalled for and not required to maintain the peace or dignity of the city or law, or to handle the said prisoner."

The communication also alleges that Miller did "strike, bruise and otherwise mistreat one Nestor Hernandez." No allegation is made that Miller used his nightstick on Hernandez.
